Subsidiary: Asset Exploitation and Debt Management One Member Company Limited - Vietnam-Asia Commercial Joint Stock Bank was established under Operating License No. 2764/QĐ-NHNN and Business Registration Certificate No. 0310540710, issued by the Department of Planning and Investment of Ho Chi Minh City on 27 December 2010. The company underwent its 12th business registration amendment on 26 June 2023. The capital contribution ratio is 100%.

7. Total number of staff and employees: 1597 people

II. ACCOUNTING PERIOD AND ACCOUNTING CURRENCY

1. Accounting Period

The Bank's annual accounting period commences from 01 January and ends as at 31 December.

2. Monetary unit

Monetary unit used in accounting and preparation of financial statements of the Bank and its subsidiary is Vietnamese Dong (VND).

III. ACCOUNTING STANDARDS AND ACCOUNTING SYSTEM

1. Accounting standards and system

The Consolidated Financial Statements are prepared and presented in accordance with the Vietnamese Accounting Standards, Vietnamese Accounting System for credit institutions under Decision No. 479/2004/QĐ-NHNN dated 29 April 2004 by the Governor of the State Bank of Vietnam; System of financial statements for Vietnamese credit institutions under Decision No. 16/2007/QĐ-NHNN dated 18 April 2007 by the Governor of the State Bank of

Vietnam; Documents that amend and supplement Decision No. 479/2004/QĐ-NHNN and Decision No. 16/2007/QĐ-NHNN issued by the State Bank of Vietnam include: Circular No. 10/2014/TT -NHNN dated 20 March 2014, Circular No. 49/2014/TT-NHNN dated 31 December 2014, Circular No. 22/2017/TT-NHNN dated 29 December 2017 and Circular No. 27/2021/TT-NHNN dated 31 December 2021 ; Circular No. 202/2014/TT-BTC dated 22 December 2014 by the Ministry of Finance guiding the preparation and presentation of consolidated financial statements.

2. Assumption of continuous operation

The Board of Management of the Bank has assessed the ability to continue as a going concern of the Bank and noted that the Bank has sufficient resources to continue its business in a definite future. In addition, the Bank is not aware of any material uncertainties that may affect the ability to continue operations of the Bank as a going concern. Therefore, the Consolidated Financial Statements are prepared on the going concern assumption.

3. Assumptions and uses of estimates

The preparation of the Consolidated Financial Statements requires the Board of Management to make estimates and assumptions which affect the reported figures of assets and liabilities as well as the disclosure of contingent liabilities. These estimates and assumptions also affect income, expenses and the resultant provisions. Such estimates are necessarily based on assumptions of a variety in degrees of subjectivity and uncertainty. Therefore, the actual results may lead to the adjustments of such provisions in the future.

4. Foreign currency transactions

All transactions of the Bank are accounted in their original currencies. Monetary assets and liabilities denominated in foreign currencies are converted into VND at the average exchange rate for spot selling and buying of such foreign currency (“spot exchange rate”) at the last working day of the accounting period if the spot exchange rate is less than 1% of the weighted average selling and buying rate in the last working day of the same period; converted into VND at the weighted average buying and selling rate in the last working day if the spot exchange rate is equal to or higher than 1% of the weighted average buying and selling rate in the last working day of the same period. Non-monetary foreign currency items incurred during the period are converted into VND at the exchange rate effective on the date of the transaction. Income and expenses in foreign currencies are converted into VND at the exchange rates on the dates of the transactions.

Exchange rate differences due to the revaluation of assets and liabilities denominated in foreign currencies into VND are recorded in consolidated income statement.

5. Basis of consolidation

Consolidated Financial Statements are prepared based on consolidating Separate Financial Statements of the Bank and Financial Statements of its subsidiaries under its control as at 31 December annually. Control right is achieved when the Bank has power to govern the financial and operating policies of invested companies to obtain benefits from their activities.

The Financial Statements of subsidiaries are applied accounting policies that are consistent with the accounting policies of the Bank. If necessary, the Financial Statements of subsidiaries may be adjusted to ensure the consistence between accounting policies applied at the Bank and its subsidiary.

Balance, main incomes and expenses, including unrealized profits from intra-group transactions are eliminated in full from consolidated financial statements.

6. Deposits with and loans to other credit institutions

Deposits with other credit institutions, except for current deposits, are term deposits at other credit institutions and foreign bank branches with terms of not exceeding three months. Loans to other credit institutions are loans with original terms of not exceeding twelve months. Current deposits at other credit institutions are stated at the outstanding principal balance.

Term deposits and loans to other credit institutions are stated at the outstanding principal balance less any specific provision for credit risks.

Credit risk classification of term deposits with and loans to other credit institutions and provision for credit risk thereof is made in accordance with Circular No. 11/2021/TT-NHNN and Circular No. 31/2021/TT-NHNN dated 1 July 2024 of the State Bank of Vietnam on classification of assets, amounts and methods of setting up risk provisions and use of provisions for control and management of risks arising from operations of credit institutions and foreign bank branches ("Circular 11" and "Decree 86" dated 11 July 2024). Accordingly, the Bank has made specific provision for term deposits with and loans to other credit institutions in accordance with the method described in Note No.

According to Circular 11 and Decree 86 dated 11 July 2024, the Bank is not required to make general provision for balances with and loans to other credit institutions.

7. Loans to customers

Outstanding loans to customers

Loans are stated on the consolidated statement of financial position at the principal amounts outstanding at the end of the year..

Provision for loan to customers is recorded and stated in separate line in the consolidated statement of financial position.

Short-term loans are those with a repayment date of up to 1 year, medium-term loans are those with a repayment date from 1 year to 5 years and long-term loans are those with a repayment date of over 5 years.

According to Circular 11 and Circular 31 dated 1 July 2024 , loans to customers are classified according to level of risk as follows: Current, Special mention, Sub-standard, Doubtful and Loss based on overdue status and other qualitative factors of the loans.

According to Circular No. 01/2020/TT-NHNN dated 13 March 2020 of the State Bank of Vietnam ("Circular 01") providing instructions for credit institutions and foreign branch banks on debt rescheduling, exemption or reduction of interest and fees, retention of debt categories to assist borrowers affected by Covid-19 pandemic, amended and supplemented by Circular No. 03/2021/TT-NHNN dated 02 April 2021 ("Circular 03") and Circular No. 14/2021/TT-NHNN dated 07 September 2021 of the State Bank of Vietnam ("Circular 14"), the Bank is allowed to reschedule the repayment period and keep the same debt group before the restructuring time for debts incurred before 01 August 2022 meeting the requirements of Circular 01, Circular 03 and Circular 14.

Besides, according to the Circular No. 02/2023/TT-NHNN ("Circular 02") providing instructions for credit institutions and foreign branch banks on debt rescheduling and retention of debt categories to assist borrowers in difficulties. The Bank may consider rescheduling outstanding debt, including the principal and/or interest (including the debts regulated by the Government's Decree No. 55/2015/ND-CP dated June 09, 2015 on credit policies serving development of agriculture and rural areas (with amendments)) on the basis of borrowers' requests, its financial capacity for debts incurred before 24 April 2023 meeting the requirements of this Circular.

In addition, according to Circular No. 10/2014/TT-NHNN of the State Bank of Vietnam dated 20 March 2014, loans to customers are also classified: current loans and overdue loans based on the overdue status according to the credit covenants in the contract or in the extension or reschedule annex.

Provision for credit losses

Provision for credit losses includes specific provision and general provision which is calculated monthly according to Circular 11 and Decree 86 dated 11 July 2024. The specific provision is calculated based on loan balance of each borrower less value of collateral assets after being discounted at predetermined percentage for each kind of collateral assets. Specific provision rate applied to each group as follows:

Group	Category	Specific provision rate
1	Current	0%
2	Special mention	5%
3	Sub-standard	20%
4	Doubtful	50%
5	Loss	100%

In addition, the Bank shall make loan loss provisions for borrowers whose debts are rescheduled or granted interest exemption or reductions as prescribed by Circular 03 as follows:

- Determining the specific provision for all the outstanding debts of customers according to the results of debt classification in accordance with regulations of Circular 11: (A)
- Determining the specific provision for the outstanding balance of the debts group to be kept unchanged according to Circular 02; and the remaining outstanding debts of customers according to Circular 11: (B)
- Additional provision (C) = (A) - (B) shall make additional provision as follows:
 - + By 31 December 2023: At least 50% of the additional provision;
 - + By 31 December 2024: 100% of the additional provision.

General provisions is made at 0.75% of the total amount of outstanding balance of loans classified in the group from 1 to 4 according to Circular 11.

Bad debts written-off

According to Circular 11 and Decree 86 dated 11 July 2024, the Bank uses provisions to write off bad debts in the following cases::

- Borrowers have declared bankruptcy or liquidation (for legal entities/corporate); or borrowers died or are missing (for individuals);
- Debts are classified in group 5.

Classification and Provisions for Off-Balance Sheet Commitments

According to Circular 31 dated 1 July 2024 and Decree 86 dated 11 July 2024, the classification of off-balance sheet credit commitments is conducted solely for the purpose of managing and monitoring the quality of credit granting activities.

No provisions are made for off-balance sheet credit commitments unless the bank is required to fulfill payment obligations under a guarantee contract.

8. Debt trading

Debt purchase and sale activities of the Bank are recorded in accordance with Circular No. 09/2015/TT-NHNN dated 17 July 2015 (“Circular 09”) of the State Bank of Vietnam regulating the debt purchase and sale activities of credit institutions, foreign bank branches, as amended and supplemented by Circular No. 18/2022/TT-NHNN dated 26 December 2022 of the Governor of the State Bank of Vietnam (“Circular 18”):

- Book value of a purchased and sold debt includes the book value of debt principal and interest and other debt-related financial obligations (if any) by the time of debt purchase and sale for the debt accounted on the separate statement of financial position or off the separate statement of financial position; or the book value being monitored at the time of being removed off the separate statement of financial position or at the time of debt purchase and sale for the debt being removed off the separate statement of financial position.
- Debt purchase and sale price means a sum of money to be paid by a debt purchaser to a debt seller under a debt purchase and sale contract.

Debt purchase

For the purchased debts, the Bank classifies the paid amount into a group with risk level not lower than previous debt group that was classified before the purchase. Debt classification and provision for debt purchases are made similar to loans to other customers according to Circular 11 and Circular 31 dated 1 July 2024

- a) If the purchase price is smaller than or equal to the outstanding principal of the purchased debt:
 - The principal amount collected under the credit agreement of the purchased debt shall be used for making up the purchase price. Where the purchase price has been made up in full, the remaining principal amount (which is the difference between the outstanding principal of the purchased debt and the purchase price) shall be recorded as the Bank’s income;
 - The interest amount collected under the credit agreement of the purchased debt shall be recorded as the Bank’s income;
- b) If the purchase price is greater than the outstanding principal of the purchased debt:

- The principal and/or interest amount collected under the credit agreement of the purchased debt shall be used for making up the purchase price. When the remaining purchase price is smaller than or equal to the outstanding principal amount of the purchased debt, the principal and/or interest amount collected under the credit agreement of the purchased debt shall be treated according to the purchase price is smaller than or equal to the outstanding principal of the purchased debt.

Debt sale

Revenue and expense from selling debts are accounted in accordance with Circular 09 and Circular 18, where the difference between the debt purchase, sale price and debt seller's book value is handled as follows:

a) Regarding a debt whose principal is recorded on the statement of financial position:

(i) The debt collection shall follow the rule: the debt principal must be collected before interests;

(ii) Where the selling price is greater than or equal to the book value of the traded debt on the statement of financial position: The remaining difference (if any) between the selling price and the book value of the traded debt on balance sheet shall be recorded as the Bank's income;

(iii) Where the selling price is smaller than the book value of the traded debt on the statement of financial position:

- The smaller difference will be offset by compensation, insurance money (if any) to recover deb

- The uncollectible principal amount shall be covered by the Bank's provision which is set up as its expense and then, by its financial reserve fund. If the Bank's financial reserve fund is still not sufficient to do so, the deficit shall be recorded as other expenses in the period.

- The uncollectible interest is recorded as income on its balance sheet, the Bank shall record it as a decrease in income or as its expenses in accordance with regulations on financial policies. If the outstanding interest is recorded on off-balance sheet, it shall be removed from off-statement of financial position;

b) Regarding debts recorded as off-statement of financial position items:

- The Bank shall remove the debts sold from the off-balance sheet and record the proceeds from the selling of debts (at the selling price) as its incomes;

c) Regarding debts removed from off-statement of financial position:

- The proceeds earned from the selling of debts shall be included in the bank's incomes.

9. Investment in securities

a. Trading securities

Trading securities are debt securities, equity securities or other securities, which are bought and held for the purpose of reselling within one year to gain profit from price variance. According to Official Dispatch No. 2601/NHNN-TCKT dated 14 April 2009 by the State Bank of Vietnam, for trading securities item, the Bank has the right to reclassify only once after purchasing.

Trading securities are initially recognized at original cost. They are subsequently measured at the lower between book value and market value.

Gains or losses from sales of securities held for trading are recognized in the consolidated income statement. Securities held for trading are derecognized when the rights to receive cash flows from these securities are terminated or the Bank transfers substantially all the risks and rewards of ownerships of these securities.

Income from trading securities is recognized into the consolidated income statement on cash basis.

b. Investment securities

Available-for-sale securities are debt securities and equity securities held for investment and available for sale purpose, which are not qualified to be classified as trading and held-to-maturity, and hold for an indefinite period till an opportunity for profit is given; the Bank is neither founding shareholders, strategic shareholders, nor has certain influence to participate in the financial and operating policies making process through a written agreement on delegating its representatives in the Board of Directors/ Board of Management.

Available-for-sale securities

Available-for-sale securities are debt securities and equity securities held for investment and available for sale purpose, which are not qualified to be classified as trading and held-to-maturity, and hold for an indefinite period till an opportunity for profit is given; the Bank is neither founding shareholders, strategic shareholders, nor has certain influence to participate in the financial and operating policies making process through a written agreement on delegating its representatives in the Board of Directors/ Board of Management.

Available-for-sale equity securities are recognized at the original cost. They are subsequently measured at the lower between book value and market value.

Available-for-sale debt securities are recognized at par value plus (+) accrued interest income/interest awaiting for allocation plus (+) unallocated discount/premium.

Discount/premium from trading debt securities is amortised on a straight-line basis till the maturity date to the consolidated income statement. Accumulative interest income before purchasing date is recorded as a decrease in value of such securities, accumulative interest income after purchasing date is recognized as Bank's income based on the accumulative method. Interest received in advance is amortized as interest income from investment securities over the investment period using the straight-line method.

Held-to-maturity securities

Held-to-maturity securities are debt securities which have a fixed term for the purpose of investment by earning interest and the Board of Management has intention and ability to hold the securities until maturity.

Held-to-maturity debt securities are recognized at par value plus (+) accrued interest income/ interest awaiting for allocation plus (+) unallocated discount/premium. Discount/premium is amortised on a straight-line basis till the maturity date to the consolidated income statement. Accumulative interest income before purchasing date is recorded as a decrease in value of such securities, accumulative interest income after purchasing date is recognized as Bank's income based on the accumulative method. Interest received in advance is amortized as interest income from investment securities over the investment period using the straight-line method.

c. Long-term investments

Other long-term investments represent capital investments in other unlisted entities on the stock market that have the holding, withdrawal or payment period of more than one year and the Bank is either the founding shareholder or a strategic partner or a certain counterparty to dominate in the process of making and deciding the financial and operating policies of the investees unit through a written agreement on delegating its representative in the Board of Directors/Board of Management. Other long-term investments are initially recognized at cost, then the value of these investments is measured at original cost less provision for impairment of the investments.

Provision for investments

Provision for trading securities and investment securities

Trading securities and investment securities are considered for impairment at the end of the year.

Provision for impairment of securities (excluding government bonds, government-guaranteed bonds, local government bonds) shall be made when the book value is higher than the market value determined according to Circular No. 48/2019/TT-BTC dated 08 August 2019 and Circular No. 24/2022/TT-BTC dated 07 April 2022 issued by the Minister of

Finance as follows:

- For listed securities on stock exchange, the market price will be determined as closing price on the day latest transactions up to the time of making Consolidated Financial Statements;

- For unlisted securities, the actual market price is:

- + For listed securities of unregistered public companies (UPCom): the actual market price is the average price within the last 30 transaction days before the time of making Consolidated Financial Statements announced by the Stock exchange.

- + For companies that have not registered for trading in the unregistered public companies' trading market, the provision for each investment is based on the financial statement of the business organization receiving capital contribution that prepared at the same time of Bank's Consolidated Financial Statements.

- In cases the listed securities or listed securities of unregistered public companies are not traded in 30 days before making provisions; the listed securities are cancelled or suspended from trading at the provisioning day, the provision for each investment is based on the financial statement of the business organization receiving capital contribution that prepared at the same time of the Bank's Consolidated Financial Statements..

For special bonds issued by VAMC, annually within 5 days before the corresponding date to the maturity date of special bonds, the Bank calculates and makes special provisions for each special bond based on par value and term of the bond less (-) the amount recovered of bad debts sold under the regulations of Circular No. 19/2013/TT-NHNN dated 06 September 2013, amended and supplemented by Circular No. 14/2015/TT-NHNN dated 28 August 2015, Circular No. 08/2016/TT-NHNN dated 16 June 2016, Circular No. 09/2017/TT-NHNN dated 14 August 2017 and Circular No. 32/2019/TT-NHNN dated 31 December 2019 issued by the State Bank of Vietnam and other relevant documents.

According to Circular 11 and Decree 86 dated 11 July 2024, the Bank is not required to make general provision for bonds issued by other credit institutions, foreign bank branches.

For special bonds issued by VAMC, annually within 5 days before the corresponding date to the maturity date of special bonds, the Bank calculates and makes special provisions for each special bond based on par value and term of the bond less (-) the amount recovered of bad debts sold under the regulations of Circular No. 19/2013/TT-NHNN dated 06 September 2013, amended and supplemented by Circular No. 14/2015/TT-NHNN dated 28 August 2015, Circular No. 08/2016/TT-NHNN dated 16 June 2016, Circular No. 09/2017/TT-

NHNN dated 14 August 2017 and Circular No. 32/2019/TT-NHNN dated 31 December 2019 issued by the State Bank of Vietnam and other relevant documents.

Provisions for trading securities and investment securities are recorded into the consolidated income statement.

Provision for other long-term investments

Provision for impairment of the capital contributions and other long-term investments is made according to Circular No. 48/2019/TT-BTC dated 08 August 2019.

The amount of provision is the difference between the actual capital contribution of parties at an entity and the actual capital equity on the latest financial statements of the entity at the end of the period multiply (x) by the rate of the Bank's capital investment over the total actual capital contributions. Provision for impairment of long-term investments is recorded as an operating expense in the consolidated income statement.

10. Repurchase and reverse repurchase agreements

Securities sold under the agreements to repurchase at a specific date in the future (repos) are still recognized on the Consolidated Financial Statements. The corresponding amount of cash received from these agreements is recognized on the consolidated statement of financial position as a borrowing. The difference between the sale price and repurchase price is amortized into the consolidated income statement over the effective period based on the interest rate stated in the agreements using the straight-line basis.

Securities purchased under the agreements to resell at a specific date in the future are not recognized in the Consolidated Financial Statements. The corresponding amount of cash paid under these agreements is recognized in the consolidated statement of financial position as a receivable. The difference between the purchase price and resale price is amortized into the consolidated income statement over the effective period based on the interest rate stated in the agreements by using a straight-line basis.

11. Fixed assets

Tangible fixed assets and intangible fixed assets are initial stated at historical cost. During the using time, they are stated at historical cost, accumulated depreciation/amortization and net book value. Historical cost comprises all the expenses that the Bank must spend to bring the assets to working condition for its intended use.

Fixed assets are depreciated (amortised) using the straight-line method over their estimated useful lives as follows:

- Buildings, structures	10 - 50	years
- Machinery, equipment	03 - 08	years
- Transportation equipment	05 - 10	years

- Other tangible fixed assets 03 - 10 years
- Computer software 03 - 05 years

Permanent land use rights are recorded at historical cost and are not amortized.

12. Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

Where the Bank is the lessee

Rentals under operating leases are charged to the consolidated income statement on a straight-line basis over the lease term.

Where the Bank is the lessor

Assets subject to operating leases are included as the Bank' fixed assets in the consolidated statement of financial position. Initial direct costs incurred in negotiating an operating lease are recognised in the consolidated income statement as incurred.

Thu Lease income is recognised in the consolidated income statement on a straight-line basis over the lease term.

13. Other receivables

Other receivables are recognised at cost.

Provision for receivables other than receivables from credit activities are made based on the overdue status of receivables or estimated possible loss for receivables which are not yet overdue but is unlikely to be recovered on time. Provisions rates are in accordance with Circular No. 48/2019/TT-BTC dated 08 August 2019.

For receivables which are classified as assets having credit risk, the Bank perform to classify and makes provision as same as loans to customers.

14. Deposits and borrowings from other credit institutions

Deposits and borrowings from other credit institutions are recognized at cost.

15. Deposits from customers

Deposits from customers are recognized at cost.

16. Valuable papers issued

Valuable papers issued are recognized at cost and accumulated amortised premiums or discounts. Cost of valuable papers issued includes the proceed from the issuance less

directly attributable costs..

17. Employee benefits

Post-employment benefits

Post-employment benefits are paid to retired employees of the Bank in Vietnam by the Social Insurance Agency of the Ministry of Labor, Invalids and Social Affairs. The Bank is required to contribute to these post-employment benefits by paying social insurance and occupational accident and disease insurance for each employee on the basis of their monthly premium salary during the working period in accordance with the Law on Social Insurance and guiding documents. Other than that, the Bank has no further obligations.

Voluntary resignation benefits

Under the Vietnamese Labor Law, when an employee who has worked for the Bank for 12 months or more ("the eligible employees") voluntarily terminate his/her labor contract, the Bank is required to pay allowance arising from voluntary resignation of the eligible employees that calculated based on the number of years worked up to 31 December 2008 and employee's average monthly salary of the latest six-month period until termination.

Unemployment benefits

According to Circular No. 28/2015/TT-BLDTBXH dated 31 July 2015 providing guidance for Decree No. 28/2015/ND-CP dated 13 March 2015 by Government on unemployment insurance, from 01 January 2009, the Bank is required to contribute to the unemployment insurance at the rate 1% of salary and wage fund of unemployment insurance joiners and deduct 1% of monthly salary and wage of each employee to contribute to the unemployment insurance.

18. Shareholders' equity

Ordinary shares

Ordinary shares are classified as equity and recognized at par value. Incremental costs directly attributable to the issuance of ordinary shares are recognized as a deduction from share premium in equity.

Share premium

On receipt of capital from shareholders, the difference between the issuance price and the par value of the shares is recorded as share premium in equity.

Other capital

Other capital is the operating capital formed from the operating results or from gifts, presents, financing, assets revaluation (if these items are allowed to be recorded as a decrease or increase in equity).

Reserves

Reserves are appropriated from net profit after tax at prescribed rates in the order as below:

Supplementary charter capital reserve: 5% of net profit after tax each year until reaching as much as 100% of the current capital. The reserve for supplementary charter capital will be transferred to charter capital after having approval from the State Bank of Vietnam;

Financial reserve: 10% of net profit after tax;

Các Investment and development funds, bonus and welfare funds and other reserves: are to be made upon the decisions of the Annual General Shareholders' Meeting in accordance with relevant statutory requirements.

Retained earnings

Retained earnings are used to present the Bank's operating results (profit, loss) after corporate income tax and profit appropriation or loss handling of the Bank. The distribution of net profits is made when the net profit of the Bank does not exceed the net profit presented on Consolidated Financial Statements after eliminating the profits from cheap purchase. Net profit can be distributed to investors based on capital contribution rate after being approved by General Meeting of Shareholders and after being appropriated to funds in accordance with the Bank's Articles of Incorporation and Vietnamese statutory requirements.

Dividend paid to shareholders is stated in the consolidated statement of financial position of the Bank as a payable after being announced by the Annual General Shareholders' Meeting of the Bank..

19. Income and expenses

Interest income

Interest income is recognized on an accrual basis, except for interest on loans classified from Group 2 to Group 5 and loans classified as Group 1 as a result of implementing State special policies are recognized in the consolidated income statement upon actual receipt.

Interest expense

Interest expenses are recognized in the consolidated income statement based on accrual basis.

Fees, commissions and dividend income

Fees and commissions are recognized on an accrual basis.

Cash dividends from investment activities are recognized in the consolidated income statement when the Bank's right to receive payment is established. Dividends and other

receipts in the form of shares are not recognized into the consolidated income statement but only recorded as an increase in the number of shares held by the Bank instead.

Uncollectible income

For receivables which have been accounted into incomes but subsequently evaluated as non-collected or uncollectible at the due date are reserved as reduction of income if it's within the same accounting period or reversed as an expense if it is not within the accounting period and must be monitored in the off-statement of financial position to urge collection. When collected, it shall be accounted into the income.

20. Corporate income tax

Current corporate income tax expenses

Current corporate income tax expenses are determined based on taxable income during the year and current corporate income tax rate.

Current corporate income tax rate

The Bank is subject to corporate income tax of 20% for business activities with income subject to CIT for the fiscal year.

The Bank's and its subsidiaries' tax returns are subject to examination by the tax authorities. Because the application of tax laws and regulations on many types of transactions is susceptible to varying interpretations, amounts reported in the Consolidated Financial Statements could be changed at a later date upon final determination by the tax authorities.

21. Off-statement of financial position items

Foreign exchange contracts

The Bank enters into foreign exchange forward and swap contracts which enable customers to transfer, modify or reduce their foreign exchange risk or other market risks and also are used for the Bank's business purpose.

Forward contracts are commitments to either purchase or sell a designated currency at a specific future date for a specific exchange rate and cash settlement. Forward contracts are recorded at nominal values at transaction dates, and are subsequently revaluated at the end of the accounting period. The difference on revaluation is recognized under "Foreign exchange differences" in the equity and is recorded in the consolidated income statement at the end of the year. Differences between the amount in VND of the foreign currency amounts which are committed to buy/sell at forward rate and spot rate are recognized in the consolidated income statement on a straight-line basis over the term of the forward contracts.

Currency swap contracts are commitments to settle in cash at a future date based on differences between specified exchange rates, calculated on the notional principal amount. Premiums/discounts arising from the difference of the spot exchange rate at the effective date

of the contracts as an asset if they are positive or as a liability if they are negative in the consolidated statement of financial position. This difference is amortised to the consolidated income statement on a straight-line basis over the term of the swap contracts.

Interest swap contracts

Interest swap contracts are commitments to settle in cash the notional principal amounts at the interest amount based on floating or fixed interest rates. The value of commitment in interest rate swap contracts is not recognised on the consolidated statement of financial position. The difference of swap interest rates is recognised in the consolidated income statement on an accrual basis.

Commitments and contingent liabilities

The Bank has credit commitments arising from its regular lending activities. These commitments are unutilised loans and overdraft facilities which are approved. The Bank also provides financial guarantees and letters of credit to guarantee the performance of customers to third parties. Many of the contingent liabilities and commitments will expire without any advanced payment, in whole or in part. Therefore, these commitments and contingent liabilities do not represent expected future cash flows.

According to Circular 11 and Circular 31 dated 1 July 2024, the Bank, for management purpose has to classify guarantees, payment acceptances and irrevocable lending commitments with specific effective date into 5 groups.

22. Cash and cash equivalents

Cash and cash equivalents include cash, balances with the State Bank of Vietnam, demand deposits and term deposits at other credit institutions with maturity of not over than three (03) months from the deposit date and securities with maturity of not over than three (03) months from the purchase date, which has high liquidity and are readily convertible into known amount of cash with low risk.

23. Offsetting

Financial assets and liabilities are offset and the net amounts are reported in the consolidated statement of financial position if, and only if, the Bank has currently enforceable legal rights to offset the recognized amounts and the Bank has an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

24. Financial instruments

During its business operation, the Bank regularly enters into contracts that give rise to financial assets, financial liabilities and equity instruments.

Financial assets

The main financial assets of the Bank include cash on hand, balances with the State Bank of Vietnam, balances with and loans to other credit institutions, loans to customers, trading securities, investment securities, other long-term investments, financial derivative assets and other financial assets.

Financial assets are classified adequately, for the purpose of disclosure in notes to the Consolidated Financial Statements into one of the following categories:

- Financial assets held for trading;
- Held-to-maturity investments;
- Loans and receivables;
- Available-for-sale financial assets.

Financial liabilities

Financial liabilities of the Bank mainly include deposits and borrowings from other credit institutions, deposits from customers, issued valuable papers, financial derivative liabilities and other liabilities..

Financial liabilities are classified adequately, for the purpose of disclosure in notes to the Consolidated Financial Statements into one of the following categories:

- Financial liabilities held for trading.
- Financial liabilities determined at allocated value.

The classification of the financial instruments above is only for the purpose of presentation and disclosure, not for the purpose of describing the method of measuring the value of financial instruments. Accounting regulations on measuring the value of financial instruments are presented in relevant notes.

Initial recognition

Currently, there are no regulations on revaluation of financial instruments after initial recognition.
